February 23, 2008

To whom it may concern,

I am writing this letter in recognition of Tracy Poepoe's extraordinary talent in the field of Construction Management. He has shown that with the right person managing a project, it will be successful not only in budget and schedule, but also in maintaining the overall relationships required on such difficult endeavors. Tracy possesses the characteristics that make him stand out in a crowd. His eagerness to work with people and his "Can do attitude" is attributes that are well sought after, but scarce in the industry today. It is always refreshing to work with such an individual. Tracy has now worked with me on several different projects. We have worked together on Federal Projects as well as Private industry and he has shown that he is knowledgeable and experienced in both areas and will suit either area well. As we all know, the construction field is diverse and has its shares of ups and downs. Tracy has shown that he has the resilience to make it all work out. Tracy is an excellent manager and I look forward to working with him on the future projects.

Sincerely,

Ronnie Casinas, CHST, STS

Project manager
